Web Page Coding

Certificate of Specialization

About the Web Page Coding Certificate of Specialization

This certificate provides students with a fundamental understanding of XHTML and CSS. Students will also learn the skills and methods necessary for the effective design and functionality of a web site.

Students can apply for a Certificate of Specialization in Web Page Coding by completing the following courses with a grade of C or better. Both courses are offered online.

Required Courses

LIBT 207 Web Page Development with XHTML 3.0 units

LIBT 220 Fundamentals of Cascading Style Sheets ... 1.0 unit

Total Units Required: 4.0

For complete course descriptions, see a copy of Cuesta's current catalog or go to: http://cuesta.edu/student/aboutacad/schedule_catalog/catalog.html

Career Opportunities

Understanding web page coding and the steps necessary for the effective design and development of a web site prepares individuals for a wide range of employment opportunities. A variety of fields including government agencies, education, business, and non-profit organizations need staff skilled in web site development, design and maintenance. The skills and knowledge one receives from this certificate can also benefit those already employed by expanding their role, responsibilities, and, in some cases, their salary.

About the Library/Information Technology Program

Cuesta College offers a mature and robust program in Library/Information Technology (LIBT). Our curriculum is designed to provide the knowledge and skills needed for a successful vocational career in organizing and managing information.

The LIBT program has been in existence for more than four decades and prepares students to work as paraprofessionals in libraries, media centers, archives, and other venues.

While emphasizing technical competencies and research skills, our program also highly values effective interpersonal communication. As often as possible, we incorporate practical, on-site experiences into our core curriculum which culminates with our final internship course. Our Library/Information Technology course offerings are online, making them accessible and convenient for local and out-of-area students.

For More Information

Contact the Library Office at (805) 546-3190 or submit the Contact Us form at <http://library.cuesta.edu/libt/contact.htm>

Scholarship Information

Cuesta College offers financial aid opportunities to enrolled students. The annual deadline to submit an application is usually early March. Of special interest to our LIBT students is the Lyn Vivrette Scholarship offered annually for a qualified student majoring in Library/Information Technology. The Cuesta College Friends of the Library fund this award. See the Financial Aid web site for more information: http://www.cuesta.edu/student/aboutmoney/finaid/Financial_Aid_Deadlines.html
